PROFILE

React.js Frontend Developer with a Bachelor of Computer Applications (BCA) degree.

EDUCATION

MMHAPU University

Patna Bihar

Bachelor of Computer Applications

2022 – mid 2025

Higher Secondary Education (12th Grade) With 71%

BSEB Patna, Bihar

SKILLS

Technical Skills: React.js | Redux | Tailwind CSS | Bootstrap | Material UI | HTML5 | CSS3 | JavaScript | TypeScript

Soft Skills: (Teamwork | Adaptability | Time Management)

CERTIFICATIONS

NAMASTE REACT BY Akshay Saini

- Completed Zero to Hero Namaste React Course. Mar 2025
- Completed Introduction to Front End Development By simplilearn. Jan 2025

PROJECTS

NetflixGpt

[Preview link](#)

- Made a Movie streaming platform like Netflix with Live API Data and GPT-powered movie suggestions.
- **Tech Stack:** React.js, Redux Toolkit (State Management), Firebase (Authentication), Tailwind CSS (Styling),
- GPT API (Movie Suggestions), OMDB API (Movie Details), Regular Expressions (Form Validation).
- **Features:**
- Checking Email and Password Validation.
- Allows users with existing accounts to log in.
- There is a GPT Search option Where User Can get Movie suggestion by Chat GPT.

Food Junction

[Preview link](#)

- Developed the 'Food Junction' website using data sourced from Swiggy live API.
- **Tech Stack:** React.js | React-Router | Tailwind for Styling and Swiggy Api For live restaurants data.
- **Features:**
- User can search for a Restaurant.
- Users can view detailed information about restaurants.
- **Challenge:**
- CORS (Cross-Origin Resource Sharing) errors when calling the live Swiggy API.
- The web page appeared blank on mobile devices due to these CORS errors.
- **Solution:**
- Implemented a feature allowing users to view the website even when CORS errors occur.
- There is a link for CORS Unblock extension if User Download it and Refresh website Then Live Data From Swiggy Will appear.

ACHIEVEMENTS

- Attended Dhruv Rathee AI Workshop for Exploring AI.
- Best Performance in 12th Class Test.
